1) What two or three things are working well within the school district?

- **Great Staff**
 - Staff are caring and calm; they all are focused on prioritizing students and working hard to stay safe.
 - Great staff that take time to understand all children's needs and learning styles.

- **Communication to Parents**
 - Communication from teachers to parents is fantastic. The website is very thorough and well organized.
 - Communication between the district and parents has been very good in keeping us aware of events, changes, or other procedures at the school.

- **New Elementary School**

- Gorgeous, new, and updated elementary school for students to grow and learn.
- Beautiful new elementary building and playground!

2) What two or three things need more attention or need to be improved?

- **COVID Precautions**

- Concerned about lack of masks and kids in quarantine already.
- Consistent and clear information about the district's COVID-19 numbers and precautions.

- **Post-Secondary Preparedness**

- Lack of courses to prepare students for the real world (food preparation, child development, job preparedness, etc.).
- Opportunities for career exploration at the high school level (university vs. trade school routes).

- **Athletic & Activity Facilities/ Buildings**

- Improving athletic and activity facilities starting at youth to high school.
- Maintenance, upkeep, and general cleanliness are well needed in the district as compared to other area schools.

- **Bullying**

- Misbehavior of students needs more serious consequences.
- Noticing and paying more attention to student who are being bullied.
